

AccuPI

MOTOR Parts Research - AccuPI provides OEM part number supersession histories for most OEMs selling parts in the U.S. and Canadian markets. Keep your OEM catalogs up-to-date with MOTOR's comprehensive database of part number supersession data curated over decades.

The screenshot displays the MOTOR AccuPI interface. The top navigation bar includes the MOTOR logo, 'Parts Research - AccuPI', and a user profile 'khintondev'. The main area is divided into two sections: 'Search Supersessions' and 'Parts List Results'.

Search Supersessions: This section features an 'Upload Part List File' area with a 'Choose File' button and a 'Part List Name*' input field. A 'Quick Search' box is also present, containing the part numbers '37820P5AA05RM' and '37820P5AA06'.

Parts List Results: This section displays three supersession results for 'Acura (US)'. Each result includes a table of submitted parts and their current part numbers.
